It is very important that you understand the power of viral marketing and my complete plan to utilize that power to drive wave after wave of traffic and subsequently massive amounts of ongoing cash into your bank account.

So let’s begin by talking about why getting traffic to your website is so important in the first place.

Chapter 2

Traffic-The Key To Your Online Success

You are reading this ebook because you are interested in creating an ongoing continual flow of traffic to your website that will, over time, grow to tsunami levels. Many of you have a personal website, that you would like more people to be able to check out. This ebook will definitely be helpful to you, but it was really written and designed to help those of you who want to make money on the internet become more successful.

Why is having a continual flow of a massive number of visitors to your website so crucial to your success on the internet? Because the more traffic that is directed to a capture page that has an opt-in form on it, the more people will be on your email marketing list. (Don't worry if you are not familiar with the term "capture page." I'm about to explain it to you.)

The Value of Using Traffic To Create A List

You have probably heard it said that "*The Money Is In The List!*" That is very true. Many make the mistake of directly promoting the affiliate sales page of a business opportunity or a page offering a product instead of a capture page.

People are rarely sold on anything the first time they see it. That is why corporations like Pepsi spend millions of dollars showing the same ad over and over. When you drive traffic to a capture page that gives the visitor something of value in exchange for agreeing to receive future communication from you via email, you are able to expose them multiple times to what you have to offer.

With your own list of prospects, you can share different benefits of what you are offering in a series of emails, spaced out over time. Each time you do this, it increases the probability that your prospect *will* purchase your product or service.

The more traffic you are able to drive to a capture page, which captures a potential prospect's email address, the larger your list becomes.

Create A Free Viral Traffic Tsunami

The larger your list, the more people you will be communicating with who are interested in what you are offering.

The purpose of your emails could be to simply keep them informed about your business or it could entail offering them something that you are marketing.

For those interested in making money on the internet, having a list allows them to market an almost endless array of original or affiliate products and income opportunities. Once you have a large list, you can market to the people on your list at any time by sending them an email offer, creating income almost at will.

Discussion of the differing strategies used to become successful making money online is beyond the scope of this ebook. However, the one common denominator to all those strategies is . . . they all depend upon the creation of a continual stream of traffic to the marketer's website.

The Lifeblood Of Your Business

Just like you need a continual blood supply flowing through your body for you to stay healthy, your online business needs a continual flow of traffic to your marketing websites for your bottom line to be healthy. If your body loses enough blood, you become anemic and eventually will die. If you don't have enough traffic your business will suffer and eventually it too can die.

This ebook will show you a free, easy way to launch a continual flow of traffic that will ensure your success online.

A Tsunami Of Traffic

The title of this ebook is "***Create A Free Viral Traffic Tsunami.***" A tsunami is a huge wave of water that is created when an earthquake causes the land under the ocean to break up and shift. This shifting action causes small waves. But as these small waves move faster, they eventually join forming larger waves. These larger waves join with other large waves until a huge wave forms moving rapidly toward the shore. As that massive wall of

water builds and finally hits land, it makes an impact on everyone and everything in its path.

This *ebook* is the earthquake that is going to launch a series of traffic waves that will grow until they are, like a tsunami, massive in size. And when that traffic tsunami hits, look out! The numbers of visitors to your websites will definitely have an impact upon your business and could very well play a part in you having all of your financial dreams come true.

Note that initially after an earthquake, the waves are relatively small and not that noticeable. But, over time, the waves become massive. Initially, when you implement the simple plan in this ebook, the waves of traffic may not seem that impressive. But don't, for a second, think that the plan is not working. **Because of the *viral* nature of what I am going to show you, the traffic waves that you launch will continue to grow and duplicate perpetually . . . creating a seemingly endless flow of traffic.**

Launching the traffic waves will be as simple as giving out this *free ebook*. The more successful you are at giving away this free ebook, the larger your traffic tsunami will be. As you give enough ebooks out to see the distribution expand virally, *there will come a time when traffic coming to your site will be generated on a regular basis without you doing anything!* I just mentioned the importance of building a list. *The viral traffic you receive from this ebook can also help you **build a large list.***

I don't want to get ahead of myself. I know I have used the word viral several times already in this ebook. It is vitally important that you fully understand what I mean when I use that term, so I am going to devote the next chapter to discussing the word "*viral*."

Chapter 3

Understanding Viral Marketing

The word “viral” is a popular term that you will find used by many people in discussing different ways to market on the internet. But although many hear the term often, few totally understand how viral marketing works or why it can be so very powerful in getting a website before a massive number of visitors.

In another ebook that I authored, *How To Create A Money Machine That Pumps Out Cash Even While You Sleep For The Rest Of Your Life*, I give an illustration about the power of duplicating even the smallest denomination of our monetary system, the penny. *If a penny is doubled everyday, . . . the first day you would have 2 cents, the second 4 cents, the third 8 cents, etc.* How much money do you think you would have after one month? The answer is **more than 10 million dollars!** That is the power of viral multiplication in action.

A Virus You Want To Pass Around

Two definitions of “virus” have one thing in common. One definition, according to Webster’s Dictionary, that most people who use the internet are familiar with is . . . *“a computer program that is usually hidden within another seemingly innocuous program **that produces copies of itself and inserts them into other programs and usually performs a malicious action.**”* The other definition according to Webster is . . . *“an infective agent **capable of growth and multiplication** in living cells causing various important diseases.”*

In both types of viruses, **multiplication** or a sharing of their malicious qualities **from body to body or computer to computer** is involved.

Last winter, in the area where I live, the flu virus was passed from one student to another and to many teachers as well as many family members, until one of the local schools was shut down. A virus can spread a disease

very rapidly to a multitude of people. If left unchecked, a virus can go from becoming an epidemic to being considered a pandemic, infecting millions of people.

If that is what can happen when a malicious virus multiplies, think how powerful a good virus can be in creating something beneficial, such as traffic, to your website.

Viral marketing is a powerful, positive force. Here is how it is defined in the Internet Marketing Dictionary: *Viral Marketing is a marketing strategy that encourages others to pass on your marketing message for you. This can lead to an explosion of interest in your product or service, and exponential growth rates. (1 person tells 2 others, 2 people tell 4, 4 tell 8, etc.)*

What we are giving out, to create that traffic tsunami, is this ebook. How hard do you think it will be to give away a benefit laden FREE EBOOK that documents such an easy viral plan to receive ongoing, ever growing amounts of traffic? That plan will be revealed in the next few chapters of this ebook.

Multiplication + Free = A Tsunami Of Traffic

Before, I unveil **THE PLAN**, let me say just one more thing about the awesome power of exponential multiplication. Do you remember the 10 million dollars that was created in a month when the penny was consistently multiplied by 2 every day? Imagine what would happen if you applied this simple math to giving out this ebook. How powerful would the duplication be if you didn't just give out 2 ebooks a day to people who wanted to join you in building traffic, but you gave out 10 ebooks a day . . . or even 100 ebooks a day?

When you see how and why we are going to combine several carefully selected viral traffic generators to create this tsunami of traffic, you will understand why this viral plan is so unique compared to the many other traffic "systems."

Create A Free Viral Traffic Tsunami

Chapter 4

Spreading The Traffic Virus

I recently attended an internet marketing seminar where the main traffic strategy that they were promoting was what they call SEO or Search Engine Optimization. Having researched every way possible to drive traffic to a website, I know that getting on a search engine's first page is not as easy as it was in the past.

With the explosion of the number of websites on the internet, there are millions of people who would love to get their link displayed among the 10 or so links that show up on the first page for a particular keyword or phrase that might be used in a search.

I still try to use good keywords in my web-pages, titles and meta-tags, but unless I have a very specialized string of keywords associated with pages of my site, it usually is highly unlikely that I will get a listing on the first page.

Plus, the rules that the search engines such as Google use to determine who gets ranked high, is continually changing. Maybe others have more "free time" and/or expertise than I and can make SEO work for them . . . at least for short periods of time.

However, my aim is to get continuing floods of targeted traffic. Practical experience shows me it's not worth the constant effort and endless patience required to get occasional supplemental traffic through search engine optimization. As a result, I have worked to find and implement easier, more reliable ways to create viral traffic.

Other Traffic Generators

There are so many other methods of gaining traffic, and many do have a viral element to them, such as article marketing, forum marketing, social

Create A Free Viral Traffic Tsunami

marketing and blogging. I don't want to imply that these cannot also help bring you traffic.

Then there are the many traffic and email exchanges . . . these can work if you have a good capture page that gives something of value away. The problem is that if other marketers are themselves just clicking to get advertising credits you will need an extremely attention grabbing page to market your business with any effectiveness through this medium. However, traffic exchanges will be a good way to give away a rebranded copy of this ebook that I am going to give you. I will share more on the place traffic exchanges fit in our strategy a bit later.

Although it is beyond the scope of this ebook to discuss these many other ways one can get traffic, you can try them if you want. However, they all take a lot of ongoing work and often the results, if there are any, are only realized over time.

Instead, I would encourage you to use the plan I am going to give you. It will be so much easier, give you so much more targeted traffic . . . and produce ongoing traffic long after you have launched multiple traffic waves.

The Selection Criteria For Our Traffic Builders

Before I describe these free traffic builders that we are going to utilize, let me briefly tell you what I was looking for and what features I wanted to find in them, to create our viral traffic tsunami.

Knowing the power of duplication, I wanted a builder that could be offered for free and even more importantly, **it had to create traffic over multiple levels or generations of referrals.** As I mentioned before, a traffic builder that is *FREE* duplicates like wildfire when it is good. The traffic builders I am going to tell you about are very, very good!

Note that there are several that I did not select, even though they might be very viral in nature, because they required a floating box or shaded bar containing other people's ads to cover part of your screen to earn traffic credits. When someone goes to my web page **I don't want anything to distract a visitor from receiving the targeted message that I want to deliver to them.**

So What Builders Launch Our Traffic Waves?

All of the traffic builders that we are going to utilize will use what I will call a *multi-generational business model*. These traffic builders will advertise either a link or a banner that will drive multitudes of people to your site.

Let me talk about why the business model these traffic builders use is so very powerful.

The Multi-Generational Model

A business model that has been very successful throughout the world of marketing involves the sharing of a product or service from one person to another person to another person over multiple generations. What has made this so successful is that all the people working in a multi-generational organization of marketing representatives not only benefit from their own sales, but also the sales of individuals at different levels below them.

I recently was reading a book by the best selling author of the *Rich Dad, Poor Dad* series of books, Robert Kiyosaki. He pointed out that *wealth is created when individuals tap into a network to get their talent, abilities or sales out to a large number of people.*

Actors or athletes are paid so much because their talents are enjoyed by massive numbers of people through networks like television.

Fortunes are made when an individual can create their own network by purchasing a chain of stores or restaurants where they make money from the work of others.

The brilliance of what is commonly referred to as the Networking, MLM or Multi-level Marketing model, is that it is not just the one person who taps into a network, (like the athlete, the actor or the owner of a store chain) that makes large amounts of money . . . EVERYONE in the network can profit and . . . even make more money than those that are generations higher in the networking organization.

Mr. Kiyosaki highly recommends network marketing as one of the best ways to create wealth because it is the only way you can create a network where you can be paid for the efforts of others with a *low initial investment* and *little risk*.

The internet has revolutionized the power of this business model. In my book, ***How To Create A Money Machine That Pumps Out Cash Even While You Sleep For The Rest Of Your Life***, I examine what makes this business model work so well utilizing the power of the internet . . . and why, even with that advantage, so few make money with most MLM companies.

One of the keys that I talk about in my book is ***duplicability***. Almost invariably, the more a product or service costs the harder it is to sell and the less viral a multi-level network becomes. In other words, *the higher the cost of what you are marketing, the more duplication is hindered over multiple generations*.

What does duplication and MLM have to do with getting traffic? ***Everything!*** Viral marketing, which is the way we are going to create a tsunami of traffic, is all about seeing duplication occur in the systems we are about to set up.

Why What We Offer Through This Ebook Will Duplicate Like Crazy!

There are two reasons why the traffic waves that we are launching will virally duplicate over multiple generations until a virtual tsunami of visitors to your site is realized.

The first reason is that ***what we offer is what EVERYONE marketing on the internet wants and needs***. Making money on the internet is impossible without traffic and lots of it. ***Just about everyone that you distribute this free ebook to will be interested in reading it in order to discover our free, easy plan to create an ongoing tsunami of traffic to their website.***

The second and most important reason this will virally duplicate like crazy over multiple generations, is that the 3 traffic builders we link people into in this ebook are ***FREE!*** If what we are “selling” ***requires no money***,

carries zero risk, and requires little time to launch, how many of those traffic seekers who read this ebook do you think will sign up for each of our carefully selected **free viral traffic builders**? What if I told you there was a way to take advantage of multiple generations of marketers downloading this ebook so that those thousands of books virally distributed would all have a link to your site?

That system, which all the traffic builders mentioned in this ebook utilize, will be explained in the next chapter.

Create A Free Viral Traffic Tsunami

Chapter 5

The Multi-generational Way To Build Up Traffic

Each of the traffic builders featured in this ebook, might have slight variations, like whether they allow you to advertise your site with a linked banner or linked anchor text. There might be a difference as to how many generations a particular traffic builder uses. However in essence, they are all exactly alike in the way that they function. Let me explain how they will virally get a massive amount of traffic to your website.

With each of these traffic builders, *the first thing that you need to do is obtain your own free affiliate page.* That is the page that will have a link to *YOUR* website that other marketers will click, checking out what you have to offer.

To get your own affiliate page, you typically have to click on a sponsor link to view their page . . . and then 6 links to view the ads of 6 other marketers.

After you click on each link you will sequentially look at each website for at least 15 seconds. After 15 seconds there will be a random number, or number/letter combination, generated at the top of the screen. *(In the picture on the next page, there is a small snap shot of my larger marketing page from link #1 in the example I am going to present that follows. Note that the random number that is generated is in green at the top of the affiliate page that I am advertising.)*

After you have checked out the ad, you then put the generated number in the box provided for link #1. Then you do the same thing for the 2nd, 3rd, 4th, 5th and 6th links. When you are finished you should have numbers in all 6 boxes.

Enter the codes in the text boxes below:

1st Ad	2nd Ad	3rd Ad	4th Ad	5th Ad	6th Ad
48567	09007	50207	04762	08131	76013

Now after you have all the codes, you can register and setup your own page to be advertised on that particular traffic builder's affiliate page that you are going to promote. On that traffic builder affiliate page, your own

page's text link (or banner depending on the particular traffic builder) will appear in the #1 position.

It is free to register for all of these traffic builders we are going to use in our tsunami system. It will only require your name and an email address.

When you register, you will set up a username and password that will allow you to access your back office. In that back office, you will set up your text ad (or banner for some of the builders) and the URL of the web page that you want to drive traffic to. There are some other features of the back office that I will cover a little later in this chapter. But first, let's look at how the affiliate page you are given will create viral traffic to your site.

The Viral Magic Begins

When you go to the URL or web address of the affiliate page that the particular traffic builder you registered for provides for you, you will see a duplicate affiliate page (identical to the page with the ads you originally viewed to enable you to initially register) . . . **except** the list of ads has your link in the #1 box.

6.	Free Clickat resource!

Notice that each ad that was on the original affiliate page (that the person used to initially register) **has now moved down a box** . . . Ad #1 is

now in box 2, ad #2 in box 3, ad #3 in box 4, ad #4 in box 5 and ad #5 is now in box 6. The ad that was in box 6 on the other page drops out.

You now have your own affiliate page for that particular traffic builder **that you will share with others** that also seek traffic to start their own viral magic. As that page is promoted, your site will be automatically be seen when others sign up to get *their own* viral traffic. But at this first generation of the sharing of your affiliate page, the results will seem to be minimal.

I am going to show you that when all this is pieced together and one uses this free ebook as a marketing aid, you will be able to find dozens of people who will sign up for our FREE system which includes multiple traffic builders. The hypothetical example I am about to share that will demonstrate how much just one traffic builder can potentially generate, conservatively assumes that **each person will find just 7 people who will sign up for free to get viral traffic to their own sites**. Using this viral ebook, it will be very easy to get a minimum of 7 to sign up.

You Sign Up 7 People	1 X 7 =	Your Ad On 7 New Sites
----------------------	---------	------------------------

When they sign up, they will get their own pages, which will push your ad down to the 2nd box . . .

1. [The Links of Your 1st Generation Signups Go Here](#)
2. [The Link To Your Ad Goes Here](#)
3. [Create \\$47,000+ in residual income sponsoring just 1 a month in a \\$10 program. Free detailed report shows how. Plus a bonus . . . A FREE copy of my new \\$5 page ebook, How To Create A Money Machine That Pumps Out Cash Even While You Sleep For The Rest Of Your Life.](#)

6. [Try these online promotion tools free!](#)

Create A Free Viral Traffic Tsunami

Notice once again that all the ads move to a lower box with the one in the sixth box being eliminated.

So at this point, using our conservative example, you only have had 7 people view your link . . . but more importantly **those 7 are now promoting your link to the internet world using their pages.**

Assuming each person puts this particular traffic builder in front of at least 7 people who want traffic and will sign up for free . . . the 2nd generation would yield **49** more people whose sign up page would have the URL to your website.

7 People Sign Up From Each Of Them	7 X 7 =	Your Ad On 49 New Sites
------------------------------------	---------	--------------------------------

That is **49** more pages continually being distributed that are **getting you traffic to your site.** The pages of these 2nd generation sign ups would have their ad in the first box moving all other links down one position.

1.	The Links of Your 2nd Generation Signups Go Here
2.	The Links of Your 1st Generation Signups Go Here
3.	The Link To Your Ad Goes Here
4.	Create \$47,000+ in residual income sponsoring just 1 a month in a \$10 program. Free detailed report shows how. Plus a bonus . . . A FREE copy of my new 45 page ebook, <i>How To Create A Money Machine That Pumps Out Cash Even While You Sleep For The Rest Of Your Life.</i>

6.	Get Your Immediate Access to these \$99 eBay Seller Training Videos for Only \$19

So using our conservative example you now have 49 more people viewing your website, but more importantly, **those 49 are now promoting**

your link (which is now in the 3rd position) **throughout cyberspace using their own pages!**

Once again, assuming each person puts this particular traffic builder in front of at least 7 people who want traffic and will sign up for free, the 3rd generation would yield **343** more people whose sign up page would have the URL to your website.

That is **343 more pages continually being distributed that are getting you traffic to your site.** Each of these 3rd generational pages would move all ad links down putting your link in the 4th position.

1.	The Links of Your 3rd Generation Signups Go Here
2.	The Links of Your 2nd Generation Signups Go Here
3.	The Links of Your 1st Generation Signups Go Here
4.	The Link To Your Ad Goes Here

6.	Interested in Bible Prophecy? Get a free copy of my new ebook, "The Bride Vol 3-Will All Believers Be A Part Of The Bride Soon To Be Raptured?"

So using our conservative example, you now have 343 more people viewing your website, but more importantly, **those 343 are now promoting your link** (which is now in the 4th position) **throughout cyberspace using their own pages!**

Again, assuming each person puts this particular traffic builder in front of only 7 people who want traffic and will sign up for free, the 4th generation would yield **2,401** more people whose sign up page would have the URL to your website.

7 People Sign Up From Each Of Them	343 X 7 =	Your Ad On 2,401 New Sites
------------------------------------	-----------	-----------------------------------

That is **2,401** more pages continually being distributed that are **getting you traffic to your site**. Each of these 4th generational pages would move all ad links down putting your link in the 5th position.

1.	The Links of Your 4th Generation Signups Go Here
2.	The Links of Your 3rd Generation Signups Go Here
3.	The Links of Your 2nd Generation Signups Go Here
4.	The Links of Your 1st Generation Signups Go Here

So using our conservative example, you now have 2,401 more people viewing your website, but more importantly, **those 2,401 are now promoting your link** (which is now in the 5th position) **throughout cyberspace using their own pages!**

Assuming each person puts this particular traffic builder in front of only 7 people who want traffic and would sign up for free, the 5th generation would yield **16,807** more people whose sign up page would have the URL to your website.

7 People Sign Up From Each Of Them	2,407 X 7 =	Your Ad On 16,489 New Sites
------------------------------------	-------------	------------------------------------

So using our same conservative example, **you now have 16,807 more people viewing your website**, but more importantly, **those 16,807 are now promoting your link** (which is now in the 6th position) **throughout cyberspace using their pages!**

One final time, using our example of each person putting this

particular traffic builder in front of at least 7 more people who want traffic and will sign up for free, the 6th generation would yield . . .

7 People Sign Up From Each Of Them	16,489 X 7 =	Your Ad On 117,649 New Sites
------------------------------------	--------------	-------------------------------------

117,649 more people . . .

whose sign up page would have the URL to your website.

That is **117,649** more pages continually being distributed that are **getting you traffic to your site**. Each of these 6th generational pages would move all ad links down putting your link in the final position.

But you might say . . . in the next generation my link drops off of the page. That is true. But when you see that even with the conservative example of assuming each person signs up 7 people to this free service over the 5 generations **you would not only have a total of over a *hundred and thirty seven thousand pages* advertising your website**, but more importantly . . . ***ALL of those pages* will remain out in cyberland indefinitely . . . multiplying and still promoting your link . . . and that's just the first of the tsunami traffic waves that will continue to grow and build on each other!**

But This Is Only The Beginning . . .

Granted in the real world everyone won't sign up the 7 people I used in this example . . . even if it is free to sign up. Some just won't have a vision to truly understand how powerful these traffic builders are and they will doubt that they work . . . and consequentially they will miss out on the huge traffic flow they could easily have gained by simply trying out the system.

That is one of the purposes of this ebook . . . to provide the **vision** and show a **system** that will absolutely create a tsunami of traffic **to your site**. This free ebook will instill that belief and - - when you actually use it as a powerful marketing tool - - you could finally realize your ambition to sign up hundreds or even thousands of traffic seeking marketers. And *anyone* in

Create A Free Viral Traffic Tsunami

the multiple generations below you in your organization can use this ebook to do the same!

However, do not lose sight of the fact that, as awesome as the viral results are for the one traffic builder we looked at in the above example, *this is only the beginning*. When people read your *personalized* copy of this ebook, they will join **each of our additional free traffic builders . . . under you!**

That means you have increased your potential from having your web page seen by hundreds or thousands (or even millions) of visitors, to having ***your URL being constantly promoted by millions of marketers as well!***

I have gone into great detail to explain how these types of traffic builders are set up to drive viral traffic to your website. Now it is time to introduce our Free Traffic Builders to you.

Your First Free Viral Traffic Builder

The first free traffic builder in our system is the one I created, **[Free Viral Traffic Tsunami](#)**. I advertise it as *the only free viral multi-level traffic system that integrates with a free viral rebrandable ebook*. It is a traffic builder that works exactly like the detailed example I gave above. I encourage you to click on the underlined link to set up your ad on your own affiliate page. But rather than promote that page, promote this ebook instead which ties all the traffic builders together that you are about to be introduced to.

By sharing just this ebook, it will save you the time and money it would normally take to advertise all the free traffic builders in our system separately. When you focus on just giving your own rebranded ebook away you will receive signups to all seven traffic builders simultaneously.

Your Second & Third Free Viral Traffic Builders

Now that you have been introduced to the first traffic builder, **[Free Viral Traffic Tsunami](#)**, it will be easier and faster to join and begin generating floods of traffic with each additional builder, as they are all very similar in function.

Create A Free Viral Traffic Tsunami

In fact, the second and third traffic builders are identical to the example I gave and my [Free Viral Traffic Tsunami](#) builder. Click on the following links and follow the same instructions to set up your ad on your own affiliate page in both of these free viral traffic builders . . . [Viral Million](#) and [Traffic Edge](#).

Before I move on to discuss the last few free viral traffic builders in our system, I want to touch on some very important benefits provided in the back offices of all of these traffic builders.

Back Office Benefits

All of the above discussed traffic builders, (as well as the ones I am about to introduce), provide a back office that offers very important benefits. First, each **allows you to track the viral growth of the traffic waves you launch**. You can easily see from day to day how many new people at every generation have signed up and are promoting your URL on their affiliate page.

The back office feature I like the most is the ability I am given to **change the text ad or banner** (which some of the builders I am about to introduce, feature)... **to something else I am promoting any time that I want**. When I make a change . . . **ALL of the affiliate pages of all people that have signed up at every generation are *instantly updated with my new promotional link or banner***.

This ability is not only useful in advertising new products or opportunities, but also to try out different ads for the main product or opportunity that you are promoting to see which ad is more effective.

Can I Put More Than One Ad On My Traffic Builder Pages?

One of the benefits of having an ebook that promotes multiple traffic builders at the same time is that a different ad can be placed in the first position of your affiliate page for each of them.

For example, you might place a text ad to promote your main business opportunity on your [Free Viral Traffic Tsunami](#) affiliate page. Then you

could put an ad for a product you are promoting on the affiliate page of [Traffic Edge](#). As you will see in the next chapter, a couple of the traffic builders I will introduce you to, allow you to rotate ads to promote multiple business endeavors.

If you only have one program you are promoting, you can advertise it on the affiliate pages of all of our traffic builders to get massive exposure.

The Fourth Traffic Builder

This fourth traffic builder is called [Cash In On Banners](#) also known as [CIOB](#). As it's name implies, it utilizes banners as the advertisement instead of text ads. (Note if you need a banner designed for you, I have graphic arts training and experience and would be willing to create a banner to your specifications for \$10. Email me at contact.danielr@gmail.com if interested.)

Virally, [Cash In On Banners](#) works the same as the three traffic builders I have already covered. [Cash In On Banners](#), like the first three free viral traffic builders, has ads that go six levels deep. This program is free, but note that there is an inexpensive upgrade that has some significant benefits that I will discuss in a later chapter. Just know, for now, that one of those benefits of upgrading puts your banners on eight generations of affiliate pages instead of six.

There are a couple of other things that differentiate this traffic builder from the first two. First, it rotates multiple banners for you at every level so you can advertise three different programs or products. If you upgrade your membership, it will rotate many more of your banners.

The Fifth Traffic Builder + Two More Ad Sources Built Into Cash In On Banners

The second thing that differentiates [Cash In On Banners](#) from our other traffic builders is that this one incorporates three other free traffic generating programs within its site.

First, there is *Ad Viralizer* which is another viral program utilizing text ads over 6 generations, *structured just like the first three traffic*

builders. So actually this is the **sixth free viral traffic builder in our system**. I am not putting a link to this traffic builder in this ebook **because you will join Ad Viralizer from the link within the CIOB site**. Once you sign up for your free **CIOB** account through the link in this ebook (rebranded by the person who gave you your ebook) . . . **login and click on the link “Our Linked Programs” on the left hand side of the page**. On this page, there are three programs that will help us us get more traffic. Since they are all free, we are going to join all three of them. **Start out by clicking on the Ad Viralizer banner and follow the directions to set up your text ad on your own affiliate page**. Once you have done so, be sure to **go back to the “Our Linked Programs” page and input your id** so you will get credit when people you give your ebook to . . . join this program.

The second program on the **CIOB “Our Linked Programs”** page is called **A-Z Ad Board**. When you register you get your own affiliate page with 3 of your own text ads at the top of the page. In addition, it allows you to post 140 character ads on an ad board sorted by category. The more people who sign up for this free program using your affiliate link on the **Cash In On Banners** website, the more ads you are allowed to post per day. After you register and set up your 3 ads for your affiliate page be sure to **go back to the CIOB “Our Linked Programs” page and input your id** so you will get credit when people you give your ebook to, join this program.

The third traffic program built into the **Cash In On Banners** website is called **HotLink Cycle**. Similar to a traffic exchange, this traffic generator gives you ad credits for looking at other marketer's pages. But there are many advantages of this program over a typical traffic exchange which will be covered in chapter 8.

This is a free program (although there is an optional upgrade that we will discuss later) so it is advantageous to join and input your id on the **CIOB “Our Linked Programs”** page.

Before I move on to discuss the final traffic builder in my system, let me make one more comment about the 3 linked programs that I just covered that are built within the **CIOB** site. There is **cross promotion between these related sites**, meaning links to all of these programs appear on each other's sites. **You have the opportunity** in the back office of each of these

programs **to input your id** (that you received when you joined them). That way **your affiliate link for all of the programs will be promoted on each individual site.**

The Sixth And Final Traffic Builder

This sixth and final traffic builder is [vTrafficRush](#), a 6 level viral traffic builder where you post a banner advertising the site you want to drive traffic to. But here is the catch . . . only those who upgrade their membership get benefit of all 6 generations of traffic.

So if the free membership does not include this multi-level viral element, why have I included a rebrandable link for this particular traffic builder? Simply because the upgrade to [vTrafficRush](#), which involves a one time cost, has so many more benefits than just the 6 levels of viral traffic, that I thought once you heard about those advantages that many of you would want to upgrade. You will learn about those substantial benefits in Chapter 8.

You should register for the free membership even if you don't want to take advantage of the significant monetary compensation involved with upgrading. The **free membership** *does give you an affiliate page with your own banner on it*, but it is *only shown to one level* of people you give your ebook to. That is ad exposure that is still worth getting. Plus, by just registering a free membership you will be making some money. When people you give your personalized ebook to choose to upgrade their [vTrafficRush](#) membership, **you will receive 25% of their upgrade fee.** You will also **receive 25% of any advertising sales.**

Click [HERE](#) to set up your free [vTrafficRush](#) account. Once you login to your back office you will be able to set up your banner ad and upgrade if you choose to. When you read in Chapter 8 about the significant amount of money you will be gaining as readers of your personalized viral ebook choose the upgrade option, you will want to upgrade. Investing a small onetime upgrade fee will allow you to take full advantage of the viral nature of this ebook.

But before you can upgrade, you need to set up a free account. Once again you can do that by clicking [HERE](#).

Let me say one thing about the ads you place on these traffic builders in our system . . . whether they be text ads or banner ads. These ads, *to be effective need to lead to a page that is not just an affiliate page* to a program or opportunity. People utilizing these kind of traffic builders see the same pages for the same programs over and over again. They are not going to click on links to these stock affiliate pages from company websites. **You need to advertise a *unique page, preferably one that you have created, that gives away something of value that a marketer would be interested in.*** Giving away this value packed “*Create A Free Viral Traffic Tsunami*” ebook is a great example of how you can evoke a response in the 15 seconds the viewer is forced by the traffic builder to look at your ad page.

The goal of your ad page should not be to immediately sign someone up for a program or to sell them a product. It should be to ***get their email*** so that you can *sell your prospect on what you are offering over time.* If you look at my ad page [HERE](#), you will notice it is *colorful* and has a video with *upbeat music* to *attract immediate attention.* The ebook I am giving away, (which is the one you are now reading), has great content that any marketer would be interested in, but at the same time it *indirectly shares* programs that I want to promote. Notice in giving them the ebook I collect their email so I can stay in contact with them.

Later in this ebook I will talk about an easy way to create ad pages that capture emails and helps you to build a list. However for now, I want to devote the next chapter to putting the pieces together and **examining the *Traffic Tsunami* system step by step.**

Chapter 6

The Traffic Tsunami System Step By Step

Now that I have discussed the multiple *free* main traffic builders (and the 3 secondary traffic sources through the [Cash In On Banners](#) site), how can you harness the power of all of them to create *your personal tsunami* of traffic? The answer to that question is . . . as I have already alluded to numerous times earlier in the ebook . . . is with a personalized copy of this ebook — **rebranded with all of YOUR links!** Every time you give away your rebranded copy of this ebook you will be launching another wave that potentially can grow virally into a *Traffic Tsunami*.

As mentioned earlier, **this ebook is like an earthquake that starts small traffic waves which join up with other small waves . . . becoming larger waves . . . which build higher and higher on each other until they create an ultimate tsunami of traffic.**

You know you *need* to create traffic. You have decided you *want* a flood of traffic. You know you *must take action* if it is to happen. So here are the steps you *want, need to, and must take right now* to create your own *free viral traffic tsunami* . . .

Step 1: Join Our FREE Traffic Builders

If you did not do so in the last chapter, **sign up for all of the *FREE traffic builders***. (Don't ponder or wonder . . . you know that gets you nowhere. Just do it!) **Set up your text ads or banner ads** (whichever is applicable) in your back offices of each of the traffic builders you have joined.

Remember: the ads in all the traffic builders can be for the same opportunity/product or for differing ones. So PICK ONE for now and get started. (You can always change the ad later, but if there is going to be a “later” you have to take the first step NOW!)

Click on the links below to join our free main traffic programs. Note that the 3 secondary traffic sources (*Adviralizer*, *A-Z Adboard* and *Hot Link Cycler*) can be added, free of charge, by joining [Cash In On Banners](#) and then finding their links in the back office.

[FreeViralTrafficTsunami](#)

[ViralMillion](#)

[Traffic-Edge](#)

[Cash In On Banners](#)

[vTrafficRush](#)

Once you have taken that step, you will have set yourself apart from uninformed and desperate traffic builders wondering how to succeed, who join a multitude of programs (sometimes 30 or more) with most of them draining money from their accounts on a monthly basis. With the *Free Viral Traffic Tsunami system* you need to join only these 6 Traffic Builders and the 3 free secondary traffic resources that are a part of the [Cash In On Banners](#) site . . . and each of them are *absolutely free!*

Step 2: Rebrand Your Personalized Copy Of This Ebook

You could join these multiple free traffic builders and try to promote them individually by yourself. However, that is a massive amount of work, and you know you want and need to work smarter. What is vital is that the individual promotion approach **will not be duplicable over multiple generations**. The simple truth is that attempting to market these traffic builders individually will fail to create the powerful viral effect you want and need: one that will be sustained over many generations.

Why?

Create A **Free Viral** Traffic Tsunami

Because first you would have to **find a way to advertise all of these programs at the same time** . . . **AND then somehow manage to have your prospects discover and join each of them at the same time**. Even if you tried putting links to all of our selected traffic builders on a single page of one of your websites, you already know that *getting many people to click on more than one link or banner on a single page and join multiple programs simply isn't going to happen*.

Even if you are able to get a few people to go to your special page and click on all of the links to the traffic builders in this system, **they still need to understand the combined synergism of how all of them work together**. **Without that understanding, very few would ever take the decisive action that comes from the clear belief these programs will work**.

We live in a skeptical society. *People don't believe the headlines they see in banners and text ads*. And – to a large degree – it's understandable. Everywhere there are ads promising to provide massive traffic to your web site. Occasionally one will partially deliver on its promises, but even those usually require major investments of time and money. The overwhelming majority are just disappointing hype that never even attempt to create real understanding of a real, workable, integrated system.

Yet people remain curious. Ads do catch their attention. The headlines pique their interest. People *know* they need traffic, and they *want* to believe.

The Purposes Of This Ebook

The purposes of this ebook are four-fold:

First, *to create a true understanding of the exponential, mathematical power of viral marketing . . .*

Second, *to instill the vital belief that you truly can create an ongoing tsunami of traffic by following the plan outlined in this ebook . . .*

Third, to explain the viral nature of the traffic builders that are a part of our Traffic Tsunami system as revealed in this ebook . . .

And . . .

Fourth, to provide a powerful tool that ties them all together and multiplies their effectiveness . . . a unique tool that in and of itself goes viral as it is rebranded generation after generation.

Why Should You Rebrand Your Own Copy Of The Traffic Tsunami Ebook?

Remember, all the traffic builders I introduce you to in this ebook **are FREE**. You already know you can use them to create a deluge of traffic for yourself.

That is what you have been promised, and it's not going to change.

However, now you will have the additional option to rebrand this ebook — with all of these traffic builder links **personalized with your own unique ID information**.

With your own rebranded copy of this ebook to give out, **you will receive the benefits of everyone who catches the vision**. You will receive the direct benefits of everyone who joins all of the free traffic builders through your links. When this is your personalized, rebranded ebook, every person who joins after reading your ebook, *customized for you*, will create ongoing traffic for you. And — with massive numbers of people promoting your URL — all of our many traffic builders will be working together, virally, *for you*.

But **what makes your rebranded ebook even more explosively powerful in creating repeating and unending tsunamis of traffic with exponentially increasing numbers of people promoting your site** is the fact that . . .

The Create A Free Viral Traffic Tsunami Ebook

Create A Free Viral Traffic Tsunami

Itself

Is A Free Viral TOOL!!!

Every ebook you give away can potentially generate countless other ebooks, each of which will lead to the multiple traffic builders with your links . . . and then when all those countless *second generation ebooks* are distributed, **they will all have links to traffic builder pages with your links on them. This will go on *generation after generation!***

Do you see the power of this? You have multiple *viral traffic builders working synergistically with a viral ebook* to, over time, get the page you are advertising seen by a massive number of people.

Many sharp marketers, like you, will recognize the power of having *their own* rebranded and *personalized* version of **Create A Free Viral Traffic Tsunami**. They will happily rebrand their free copies of this ebook . . . as will multiple generations of *their* future readers.

Why? For the very same practical – yet exciting – reasons *you* will choose to rebrand this ebook *for yourself*.

What are those reasons? Let's review them . . .

Reason # 1: Rebranding this ebook *for yourself* **ties all of the many powerful traffic builders together**, *multiplying the viral effect that each has individually . . .* and it continues to do that over multiple generations.

Reason # 2: Even more important, *your rebranded ebook itself creates a whole new dimension of viral outreach.* Simply stated, *when you rebrand your personalized ebook, you will multiply the process of people joining multiple Free programs, each of which are themselves powerful viral traffic generators.* **The combined result is a dynamically multiplied viral effect that becomes extremely powerful!!!**

Create A Free Viral Traffic Tsunami

Reason # 3: Because I am going to let you rebrand all of the dozens of links in this ebook to the many traffic builders . . .

ABSOLUTELY FREE!!!

You have nothing to lose . . . and an ongoing *TSUNAMI* of traffic to your sites to gain!

I want to make the free benefits built into this powerful ebook so irresistible that *EVERYONE* will want to own their own rebranded copy . . . and be able to easily give them away to multitudes of people who are searching for ways to get traffic to their sites. Since the ebook is free, the numerous Traffic Builders in our system are free and the rebranding of the traffic links are also free, the amount of viral distribution from generation to generation will explode exponentially!

That ease of everyone being able to give away an ebook with so much value will begin to generate ever increasing amounts of traffic for all who participate with us.

The **4th reason** that you *and* those people you market to *will want to rebrand this ebook*, has to do with a major benefit I am about to reveal to you in the next chapter. I am going to show you how you can receive ongoing cash payments from the viral distribution of your personalized ebook! ***In addition to generating massive traffic, I want to show you how you can also create numerous viral tsunamis of CASH!***

Create A Free Viral Traffic Tsunami

Chapter 7

How To Create Viral Tsunamis Of Cash

In the ebook thus far I have provided multiple links to the many traffic builders that you can freely rebrand to generate viral traffic. In an upcoming chapter, I will introduce an ***extremely inexpensive, multi-generational income opportunity***. This extremely powerful program will have links that you will be able to rebrand that will ***insure that as your ebook goes out virally to multiple generations of people, you will get a massive number of signups building a residual Money Machine of you dreams.***

And the amazing thing is that your initial investment of just \$11.50 is almosted recouped after *only 1 signup . . . after that everything is residual profit!* Imagine the flow of income that will come through potentially ***hundreds of signups*** that you could get through the distribution of your ebook. Every generation of other people's ebooks that result from the ebooks you personally give away will give readers a choice . . . ***they will either join this ultra inexpensive program joining your organization building up monthly income for you . . . or, if they choose not to join, they will be advertising your links to everyone that they give out their personalized copies to.***

As I will mention again later in this chapter, this sets up a ***win-win*** situation as you join this single inexpensive program and give out your ebook. ***No matter what someone does that sees your rebranded link for this program . . . you will benefit!***

But this single monetized program is not the only source of waves of cash that you will learn about in the next chapter. In addition, I will go into detail on how upgrading your membership in two of our traffic builders will also send you additional waves of cash.

This one selected inexpensive *income opportunity* and the one time *traffic builder upgrades* ***will take advantage of the viral nature of this***

ebook to create wave after wave of cash going into your bank account. I chose programs that would be affordable for anyone to join. I will discuss them in detail in the next chapter, but for now know that our single income opportunity only costs a *mere* **\$11.50**. This is an *optional* program. You don't have to join it and rebrand it's links, but, trust me, you will want to.

So how much is it going to cost to upgrade your rebrand to include the monetized links in this ebook?

An Offer You Can't Refuse

So I bet you are thinking . . . here it comes . . . Here is where it is really going to cost me big time to get full benefit of my ebook going viral.

While I could *easily* charge — and repeatedly get — \$27 or even \$47 for rebranding this ebook with all the links (both the ones that generate traffic AND cash) personalized to benefit you, the reality is that I am going to give you full rebranding and personalization of ***ALL THE LINKS IN THIS EBOOK, both the traffic and monetized links, . . .***

ABSOLUTELY FREE*!!!

Notice there is an asterisk, meaning potentially you can rebrand *ALL* the links free. *After reading about the optional, inexpensive program and the upgrade to a couple of the traffic builders* in the next two chapters, **you will determine how many streams of income that you want to create through the distribution of your rebranded ebook.** Or *if you just want to use the Traffic Tsunami ebook to create multiple streams of traffic, you can just rebrand all of the traffic builders in this system* (and the secondary traffic resources that are within the [*Cash In On Banners*](#) site) . . . *absolutely Free!*

*But because monetizing this ebook is so inexpensive, I encourage you to **join** the optional income producing program and upgrade two of the traffic builders.* That will allow you to get maximum benefit from the distribution of your personalized copy of this ebook. But the choice is yours. It is ***free to rebrand the ones you join.***

In this chapter I have talked about an inexpensive networking program that will generate ever increasing amounts of residual income . . . just by giving away this free ebook.

So what is this income producing program that I have been alluding to? Allow me to introduce you to an extremely inexpensive program that **not only produces ongoing, month after month, ever growing, residual income** . . . it **also provides you all the marketing tools you will ever need** if you want to put some effort into giving away your ebook on the internet.

Create A Free Viral Traffic Tsunami

Chapter 8

The First Wave Of Cash

Besides generating income, this program provides all the internet marketing tools you will ever need . . .

As is the case for most professions, **to be a successful internet marketer there are *key tools* you must have to do the job really *effectively and efficiently***. For the internet marketer, those include tools such as *web hosting, capture page builders, banner rotators, ad trackers, full featured autoresponders*, etc. Sometimes the list of tools needed can seem daunting, not to mention the need to learn how to pull them all together into an effective deployment system.

However, it doesn't have to be difficult or mysterious.

In doing my research creating the *Traffic Tsunami* system, I discovered an amazing company that *offers all the key tools* you need to be successful as an internet marketer . . . all for an amazingly low price.

The name of the company is [All In One Profits](#). With even a basic membership you receive . . .

- *Premium Web Hosting,*
- *a Pro Full Featured, Unlimited Autoresponder,*
- *a Capture Page Maker,*
- *a Url Tracker,*
- *a Url Rotator,*
- *Text Advertising,*
- *Banner Advertising,*
- *a Downline Builder*
- *and an E-learning, Software and Training Library.*

You get all of this for . . . *get this . . .* for only

Create A Free Viral Traffic Tsunami

\$10/month (+\$1.50 admin fee).

I have never seen such an array of marketing tools for so little. But it gets better . . . You also get . . .

An Absolutely Amazing Business Opportunity

All In One Profits pays you for your referrals. Their compensation plan will blow you away! First of all, at the Basic membership level, you ***earn 100% commission***. That means ***the very first person you refer into the program will earn you back almost the entire \$10/month membership cost*** (except the \$1.50 admin fee). Having paid *only* \$11.50 total to join, ***you have almost broken even immediately*** and ***will be earning ever increasing profits from that point forward!***

Attrition, or people dropping out of a network marketing downline, will rarely happen with ***All In One Profits*** . . . because *people are at a break even point almost immediately*. ***The compensation structure is a unique "even up" plan that multiplies the number of people in your organization, very rapidly expanding your downline infinitely wide and infinitely down.*** The amount of *residual* income, (*money that comes into your bank account month after month*), that you can earn is staggering! You can get all the details of this compensation plan by checking out an amazing training video . . . It is 61 minutes long but what you learn will “*blow you away!*” To register to watch this video click ***HERE***.

Make Even More With The Pro Membership

As amazing as the compensation plan is for the *Basic* membership, when your prospects choose the *Pro* membership, *a lot more money can be earned* . . . ***50% more*** to be exact. The Pro membership costs ***\$20/month*** (+ \$1.76 admin fee) and ***pays out \$15/month residual income for every referral plus a \$3 one time bonus.***

So besides the increased pay for referrals, what are some of the other benefits of having the Pro membership? ***Besides receiving all the tools and resources given to those with the Basic membership, Pro members also receive . . .***

- **Twice the storage and bandwidth on the Hosting account.**
- Your Autoresponder account is upgraded giving you the capability to **share pre-written autoresponder campaigns with your business associates.**
- The **Page Builder is upgraded to a Deluxe Drag and Drop Plugin**
- You receive **20 Trackers instead of 10 and 2 rotators instead of the 1 you get with the Basic account**
- You get **extended Video Training Tutorials** and an **extended library of ebooks, software, graphics package and plugins**
- You also receive **increased text and banner advertising**

I think you see that, as much of a value the basic membership is, most people will want to join at the *Pro* membership level.

Why Everyone Who Doesn't Join As A Pro . . . Will Choose To Do So Eventually

Everyone will want to have the *Pro* membership sooner or later because if they don't . . . **they will be losing money.** Let me explain. If someone joins with just a *Basic* membership and even only sponsors a few people, they will have set in motion the power of multiplication. **The people they sponsored will signup others, who refer others and on and on multiplying infinitely wide and down generation after generation.** According to the [AIOP](#) compensation plan, **half of those people will be placed on your pay line.** Because of the many benefits I just mentioned, most of those people will be joining at the *Pro* membership level.

If you yourself have only joined at the *Basic* membership level, **you will only be paid \$10/month instead of the \$15/month you could have had if you yourself had joined as a *Pro*.** So you would be losing residual money every single month. **The multitudes of *Pro* members you might have on your pay line would cost you \$5 apiece, every single month.** I think you can see why it is so worth it to spend the extra \$10 to join at the *Pro* level.

To start out, you *may only want to sign up to the \$10 basic* [AIOP](#) membership level. But here's a word to the wise . . . when you start seeing

several people being put in your payline, you will want to quickly upgrade to the *Pro* level so you don't lose any commissions.

To fully understand just how powerful this program and opportunity is . . . I want you to take 61 minutes to watch the free training video I mentioned a moment ago. That might seem like a long video, but it is very detailed and goes through everything step by step. You will not only learn about our AIOP program, but you will hear my plan to **create a money machine that will pump out ever increasing amounts of income . . . NON-STOP . . . on AUTOPILOT!**

You will find out in the video that when you join my team, you will also get a ***done for you funnel*** given to you that includes ***a capture page set up with your information coded into your autoresponder emails . . . a promotional card system*** that you can use to market . . . ***this rebrandable ebook . . . and membership in a closed facebook support group*** all included with all the products and services you get from AIOP . . . ***for only \$11.50!!!***

Here is what some others that have seen the training video have said . . .

“one of the most amazing and powerful videos I've ever seen . . .

(Sheri B., South Carolina, USA)

“It's the best work from a one hour training video I've ever seen . . .

ever! (Leon S., New Jersey, USA)

“Daniel knocks it out of the park with this one . . .” (Waldon S., Florida, USA)

“The duplication on autopilot literally makes you money while you sleep. In reality, who can sleep after watching this video!”

“I have listened to the complete video and am blown away!”

[What Is The Easy Way To Residual Wealth?](#)

The easy way to residual wealth is to **join the amazing low cost, no risk business opportunity** that I have just presented to you, **[All In One Profits](#)** . . . and use the viral nature of this ebook and the many traffic builders to sign up people almost on auto pilot.

By rebranding the **[AIOP](#)** links and passing out your personalized ebook, *most of the people* who take the time to read all the way through this ebook will jump at the chance to join your **[AIOP](#)** organization. And the ones that don't, will be advertising **your [AIOP](#)** business through the links in their ebooks that they distribute.

Think about this . . . some of the **links you put in the traffic builders** you join **can drive viral traffic to a capture page that you can use to give away your personalized ebook** (and at the same time build a list). This is a great strategy, but you have to be able to build your own capture page. When you join **[All In One Profits](#)**, we have you covered. You can easily build that page utilizing the *provided website hosting and capture page builder* that comes with your membership.

Or you can rent the highly effective capture page I designed to give away your ebook. Click **[HERE](#)** to preview the page. For \$6/month I *customize a page for you, . . . provide a download page and transitional pages . . . upload your rebranded ebook on my server* so that your ebook automatically goes out when people fill out the form on your page . . . *I host it all and create autoresponder emails to go out when people register for your ebook.* **All you have to do is collect the leads and build a list while at the same time automatically delivering your ebook.** Contact me at the

Create A Free Viral Traffic Tsunami

email at the end of this ebook if you are interested in getting this capture page set up.

So when you use a capture page, either one you build, or one you rent from me, you *not only are able to build a list*, but you *gain more readers of your personalized ebook . . . many of whom will click on all of it's monetized links*. When they do, each of them *will start a new wave of cash that will grow as that ebook is shared virally from person to person, generation after generation*.

Notice I said *monetized links*, (plural) in the above paragraph. As great as *All In One Profits* is in generating *ever growing, ongoing residual income . . . there are a couple of additional, low cost income streams that I have tied into this viral ebook*. They will be the focus of the next chapter.

Chapter 9

More Waves Of Cash

The final waves of our cash tsunami involve a few of the traffic builders that we have included in this ebook.

[Cash In On Banners](#), also known as [CIOB](#), which was our fourth traffic builder, is free to use as a traffic generator, but they do have a **very inexpensive upgrade option** that you will want to consider. **For a one time \$10 upgrade fee, you can initiate waves of perpetual \$10 payments to your Paypal account!**

Before I give you the details on how you are going to receive wave after wave of cash from choosing to upgrade your free [Cash In On Banners](#) membership, let me tell you how this inexpensive upgrade will increase the traffic you receive and allow you to advertise more of your websites, sales pages and capture pages.

With your free membership, you normally have up to 3 banners that are rotated through six generations of other marketer's affiliate pages. With your \$10 upgrade, you immediately are **allowed to rotate up to six banners allowing you to advertise more programs that you are promoting, products that you might be selling and the give away of your personalized version of this ebook.**

The amount of *viral traffic* you can potentially receive to your site greatly increases when you upgrade. Instead of six generations, **your banners will now show up on the pages of seventh and eighth level affiliates.** Two extra generations of pages that your advertisements could appear on **can equate to thousands of extra page views.** Of course, how great the number of views you receive at the seventh and eighth level will be determined by how many free and upgraded members you and the affiliates at every level personally signup. This ebook will make it easier for everyone to sign up a multitude of people into [Cash In On Banners](#).

How Upgrading Generates Income

Upgrading your [Cash In On Banners](#) membership is a *no brainer* of a decision. As I said, upgrading only requires a **ONE TIME** payment of \$10. **When you upgrade, you get that \$10 back immediately with the very first person that upgrades** after joining with a free membership through clicking on one of the *CIOB* links in this ebook. Note that when anyone upgrades, *they pay their \$10 directly to their sponsor*, not the company. There are **no administrative fees**. [Cash In On Banners](#) doesn't take anything out of the payment. **You keep 100% of it.**

As an upgraded member *you make much more than just that initial \$10*. Who gets subsequent \$10 payments is determined according to an enhanced “**2 up**” plan. Here is how it works . . .

As I just stated, **the first new upgraded member** you refer **pays their \$10 upgrade fee directly to you** via Paypal. They become a **member of your team**.

The **second** one you refer **rolls up to your sponsor's team** paying them the \$10.

The **third** one **pays you** and **stays on your team**. *You have started making money!*

The **fourth** one is **transferred** to your referer's team paying them the \$10.

ALL MEMBERS YOU REFER AFTER THAT, no matter how many, **PAY YOU DIRECTLY** and **stay in your team!**

But that's only the beginning of the money flow!

Every upgraded member in your team, to get the full benefit of the pay plan, **has to transfer the second and the fourth** referred by them **to you!** **You get the money from their upgrades!**

These transferred members are now a part of your team and **their first two referrals also roll up to you!** Each of those referrals that

Create A Free Viral Traffic Tsunami

upgrade are potentially worth \$30 to you (\$10 initial upgrade and \$10 for their second and fourth should they too upgrade).

But wait . . . **they are worth far more than than the potential \$30.** Because **the 2 passups of each of the two referrals join your team**, and **their 2 passups join your team** and **the passups of the passups join your team** . . . and **the 2 passups of those passup's passups join your team** and ***on and on***. And **all of those continually being added** to your team ***are potentially worth \$30!*** I hope you see the power of this compensation model that is *initiated* by your **one time \$10 upgrade payment**.

Notice in the above paragraph I said “*potentially*” all those on your team are worth \$30 . . . because normally we have no way of knowing whether that second and fourth referral that is passed up at every level to join your team will upgrade. However, **if you use the viral power of this ebook to sign up a multitude of people to CIOB's free traffic program** and **they read here about the compelling reasons to upgrade, the likelihood of receiving \$30 income on more of your team members is greatly increased.**

Another Huge Benefit of Joining CIOB

In the last chapter I talked about how the *AIOP* compensation plan that rewards duplication that goes *infinitely wide* and *deep* when *combined with my system centered around a powerful 61 minute training video* . . . can produce life changing residual income. And **this is one business that you can do . . . just by giving out this ebook.**

So by joining *AIOP* for only \$11.50 and rebranding the *AIOP* links in this ebook, you are **setting yourself up to receive some serious money that will eventually come to you every single month . . . on autopilot!**

So what does this have to do with *Cash In On Banners, CIOB*? The owner of *CIOB* saw my training video and this ebook and was so impressed that he wanted to offer a way that all the members of my **Money Machine Dream Team** would be able to **advertise free on his site with a banner ad that nobody will be able to miss.**

The most effective way to build residual income with *AIOP* and my system is simply **to get people to watch the training video.** This ebook

helps you share this powerful video with people you give this ebook to by putting rebrandable links pointing to the capture page which allows readers to register to see the free video.

But now there is an even more powerful way to share the training video with those you give this ebook to. Virtually **everyone you give this ebook to will join all of the free traffic builders including *Cash In On Banners***. When you give your ebook out to people who give their ebook out . . . who give their ebook out and on and on . . . not only is your ad seen by multiple generations of people, you potentially could have thousands of people in your **CIOB** downline. And here is where that **CIOB** downline becomes very significant!

EVERY TIME someone in your **CIOB** downline logs in to their back office ***they will see this colorful banner inviting them to see the training video***. A large percentage of all that see the training video will want to join our inexpensive but lucrative business.

It is hard to ignore the banner. It is colorful, large and near the middle of the screen . . . and it rotates between two messages, one of which calls for people to click to see the free video. Here is what it looks like . . .

Here is what the second message says as it flashes a new call to action . . .

It is very hard to miss this banner ad. And when you register your capture page id (I show you how in a tutorial video I direct you to at the end of the ebook.) . . . and **when all the people in your CIOB downline log in . . . see the banner and click on it . . . they will be taken to YOUR capture page that I give you free.**

And every ebook you give out can result in multiple generations of people being added to your downline! All these people will want to log in often, because as you will soon see, within the CIOB site there are 3 other traffic programs that are a part of this ebook. **Everytime they log in, they will see your banner (and 2 other links to your capture page) on the CIOB front page.** If people in your CIOB downline see this colorful banner over and over . . . sooner or later they will click on it. When they do, the compelling capture page I give you will collect their email and send them on to see the free training video. Once they see the video, they will want to join your team.

If you don't join AIOP for the small amount of \$11.50, and rebrand the AIOP links in this ebook . . . AND rebrand this huge, colorful banner on the largest traffic builder we promote, . . . **you will be missing out on the greatest source of passive income in this ebook.**

You will either be making the money yourself as people you give your ebook to, see the wisdom of joining AIOP by clicking your links in this

ebook . . . or your ebook you give out will be advertising My links, building MY AIOP business.

So to **get the benefit of virally advertising AIOP and my training video with every ebook you give out . . . and with a banner that never goes away (until they join) on the largest traffic builder . . . click below to first get access to the training video (You absolutely MUST see the video.)**

[Give Me Access To The Training Video](#)

After seeing this life-changing video you will want to join AIOP and become a member of my **Money Machine Dream Team** immediately.

[Click To Join AIOP And Be Able To Rebrand AIOP Links](#)

But could there be more cash and traffic coming your way? Let me mention 3 other traffic programs that are all under the umbrella of *Cash In On Banners*.

[Another Wave Of Income From CIOB Site](#)

One of the three free traffic resources that you can sign up for through the [Cash In On Banners](#) affiliate site is called **HotLink Cycler**. It has an upgrade that costs a bit more, \$25 . . . *one time*, but it has some significant traffic *and cash benefits*. As far as getting more exposure to your ad, when you upgrade, you receive 20,000 ad credits and significantly increased credits rewarded when looking at others ads.

In addition you are entered in a 2X2 matrix. **When that fills through those you sponsor that upgrade, their referrals and even referrals from people in matrixes above you . . . you receive \$50**, the referrer receives \$20 (so **you are also paid \$20 every time your referrals cycle through their own matrixes**) and \$25 is taken out to start a new matrix for you.

There are **NO limitations on how many profit centers** (matrixes) **one member's cycling can create**, so there are ***NO limitations on how many \$50 commissions and \$20 bonuses you can receive!***

For a more complete explanation of **HotLink Cyclor's** compensation plan and to upgrade after joining for free, go to their site. **Make sure** to use the link to **HotLink Cyclor** that appears in your sponsor's [Cash In On Banners](#) site when going to the site.

Final Thoughts On Cash In On Banners

The [Cash In On Banners](#) site also promotes [All In One Profits](#), the residual cash generating program that I discussed in the last chapter. After you use your sponsor's link that is in this ebook to join [AIOP](#), make sure you follow the instructions on the [CIOB](#) site to input your ID so that when someone joins [AIOP](#) through the link on the [Cash In On Banners](#) site, YOU will get credit for it.

One thing I like about the [Cash In On Banners](#) affiliate site is the cross promotion. I briefly mentioned this in the chapter outlining all of the traffic builders, but it bears repeating. Once you join [CIOB](#) and the 3 free traffic programs on their “*Linked Programs*” page, each of their respective affiliate sites promotes the others. For example, the [Cash In On Banners](#) site has your rebranded affiliate links for **Ad Viralizer**, **HotLink Cyclor** and **A-Z Ad Board** (once you initially register them.) The **Ad Viralizer** page will have your links to **HotLink Cyclor**, **A-Z Ad Board** and [Cash In On Banners](#). The same holds true of the other pages as well. So make sure that *after you join each free program, **input the IDs** for **all** of the programs on each of their respective affiliate pages.*

The bottom line is that *if you are going to put any effort at all in giving out your personalized copy of this ebook, **you can't afford not to spend the \$10 to upgrade** your [Cash In On Banners](#) membership.* To fail to upgrade will cost you a lot of money! (Even though the upgrade to **HotLink Cyclor**, the other monetized program within [Cash In On Banners](#), is slightly higher at \$25, I recommend getting it as well.)

Our System's Final Source Of Viral Cash

The final traffic builder that I introduced in chapter 5 was [vTrafficRush](#). Unlike the other traffic builders, the free membership did not include getting 6 generations of traffic, but did have some benefits that I enumerated earlier. However, the *lifetime upgrade* had so many benefits,

especially in generating ongoing income, that I had to include this program in our system.

Let me highlight just a few of the most impressive of those benefits that you receive when you choose to upgrade. First, the *upgrade* is just **\$20** . . . **ONE TIME**. **When you upgrade, your affiliate page containing a banner directing visitors to your ad page, will then, like our other traffic builders, be seen on 6 generations of the pages of the other vTrafficRush members**. When you consider how many people who will sign up through your link in this viral ebook, that amount of traffic coming to your site could be huge.

But what really got my attention was the increased income that is generated for the one who upgrades. Remember, I told you in chapter 5 that *those that don't elect to upgrade, signing up for the free membership, get paid 25% of the upgrade fees of those they sign up through this ebook that do elect to upgrade. If you do elect to upgrade that percentage is increased to 50% on not just the upgrade fees of any one you sign up . . . but also on the fee paid anytime someone you sign up advertises in the viral pool*.

VtrafficRush's Viral Pool

There will be *many people who will want to advertise in the viral pool*. So what is the viral pool? If you remember, all *free members only have their banner shown on one level*. **So whose banner ads are shown on the other 5 generations of their pages?** *Those that buy into the viral pool for a month have up to 5 of their banners rotated into those spots*. All those banner spots are divided among all those that have purchased advertising in the viral pool in any particular month. So *those in the viral pool have their banners randomly appearing on the pages of a massive number of affiliates (who did not upgrade) that are not even in their downline*. And the amount of exposure a banner can get is well worth the \$20 monthly viral pool fee. **All of the vTrafficRush pages get over a million hits a day!** I certainly plan to do some advertising in the viral pool.

The point is, that *when you upgrade, you not only receive \$10 (50% of the \$20 upgrade fee) everytime someone that gets your rebranded ebook upgrades their free vTrafficRush membership . . . you also get \$10 (50% of the \$20 viral pool fee) for any viral pool advertising someone you*

sign up purchases. And the *viral pool income can re-occur* as it is a *monthly* advertising fee.

So realistically, if you are planning on distributing your personalized ebook to enough people where you will have more than 2 people upgrading their [vTrafficRush](#) membership . . . you will be losing money if you don't upgrade.

There are many other benefits that you receive when you upgrade your [vTrafficRush](#) membership. I will show them in a chart below, but before I do, let me comment on one more of those benefits. **When you upgrade you have the ability to contact any of the people at any of the 6 levels in your downline or all of them at one time.** With the power of 6 generations in [vTrafficRush](#) combined with your personalized viral ebook, the number of people you could contact with special offers could be massive.

You don't have this ability with any other traffic builder or with my viral ebook. **To be able to send a message to all the marketers in 6 generations of a downline . . . is HUGE!!!** Anybody in marketing knows the power of a list. When you upgrade your [vTrafficRush](#) membership you are effectively automatically creating a list in a sense, even though you aren't given their emails and you must use the back office to send your message.

Now having the ability to contact your downline (*that could potentially, with the help of this ebook, reach thousands of marketers*) does not mean you treat it like a list where those on your list have opted in. You don't want to send them multiple emails a day or even a week. Spamming will get you in trouble. But if you introduce who you are in a message and let them know that you are in their upline in [vTrafficRush](#) and *occasionally present them with a special offer or something that would benefit them*, like this ebook . . . it would be a really powerful capability to have in your marketing arsenal.

Quite honestly, *not even considering all the money that can be made . . . that ability to email your entire downline is priceless!* If you see what I see, there will be no doubt . . . you will want to pay the one-time \$20 to upgrade your membership.

I don't want to take any more time to enumerate all the benefits of upgrading . . . but let me just show you a chart that lists them all. There is further explanation when you login to your back office. **The chart comparing the *benefits of the free membership to the benefits of the upgraded, lifetime Pro membership* can be viewed on the next page . . .**

There is one other bit of information on this chart that I want to call your attention to. If you have a ***free membership*** you must login to your back office once every 30 days. If you ***upgrade to the Pro membership***, that requirement will be ***extended to 90 days***. You most likely will want to check the growth of your downline fairly often, so meeting that requirement should not be a problem. But if you think you might get busy and forget,

you might want to use google calendar to send yourself an email reminder to login a day or two before the deadline. **You do not want to fail to meet their requirement, for *they will deactivate your account taking down your banner* until such time as you do login.**

You have discovered the many advantages to upgrading your free account in [vTrafficRush](#). The choice is yours. This is an option. But, as I said, if you plan on putting any effort at all into giving away your personalized viral ebook, you really don't want to miss out on all the extra traffic, cash and ability to contact your downline. *Once you upgrade, just seeing two people who receive your ebook also choose the upgrade option will pay back your one time investment . . . and then it is continual profit thereafter.*

To upgrade . . . first click on this link, [vTrafficRush](#), to join as a free member. Then login to your back office and click on the “Upgrade To Pro” link . . . make the payment . . . and your account is set up for life!

I hope, by now that you see the many, many *benefits of rebranding ALL the links in this ebook, both the traffic ones and the cash generating one.*

Monetizing This Ebook Puts You In A Win-Win Situation

I said this earlier in the ebook, but it is so important, it bears emphasizing again. When you rebrand this ebook and elect to participate in our main residual income producing program, [AIOP](#), for only **\$10** (and \$1.50 admin fee) . . . and you upgrade your memberships to [Cash In On Banners](#), [vTrafficRush](#) and [HotLink Cyclor](#) . . . you will create a **win-win** situation for yourself. You will qualify for the **viral rebranding option for your ebook!**

When others read your ebook and decide to rebrand their own copy to create a *viral traffic tsunami* to their site (or sites), **you win . . . whether or not they monetize their own ebook.**

As you continue to give out your own rebranded copy of this ebook and **those that read it choose to upgrade the traffic programs [Cash In On Banners](#), [vTrafficRush](#) and [HotLinks Cyclor](#) . . . and optionally also participate in the low cost income generating opportunity offered by [AIOP](#) . . . you will see a steady flow of ever growing cash payments to your Paypal account.**

Or . . . **if your prospect that you give your ebook to doesn't want to join our monetized program and upgrade two of the traffic builders . . . you still win!** Why? Because if you have joined the programs yourself, your links will appear in *their* ebooks. For example, if they don't join our inexpensive program, [AIOP](#), every AIOP link in their ebook that they give out, will be advertising for you! **You are then making money from these links in all of their ebooks that they do not choose to rebrand!**

Take the step now to create what you want . . . a steady stream of just traffic or both traffic and cash, day after day, month after month!

Decide what you really want. The choice is yours . . .

If you want your ebook to generate **both traffic and ongoing residual income**, **join all of the free traffic builders** and **the monetized program**,

Create A Free Viral Traffic Tsunami

as well as **upgrade two of the traffic builders** (plus the other traffic program, **Hotlink Cyclor**).

Ok, in order to rebrand your own personalized ebook you must **first join all of the free traffic builders** and **make a note of the ID's you create when you register** to get your own affiliate page.

Here are the links again to the free traffic builders, if you did not join them when they were presented earlier in the ebook . . .

The Free Traffic Builders

[FreeViralTrafficTsunami](#)

[ViralMillion](#)

[Traffic-Edge](#)

[Cash In On Banners](#)

[vTrafficRush](#)

NOTE . . . The last two traffic builders listed above, **[Cash In On Banners](#)** and **[vTrafficRush](#)**, have upgrades that you will want to consider if you want to add those significant income streams to your ebook. Once you have registered for your free affiliate page with both programs, login to both back offices and follow instructions to upgrade your membership.

Remember that within the **[Cash In On Banners](#)** site *there are 3 other free traffic generating programs that are not listed directly above that you will need to join*. To do so, you need to **login to the membership area of [Cash In On Banners](#)**. On the left hand side of the page, **click on the “Our Linked Programs”** link. On that page you will be able to register for the 3 extra free traffic generating platforms, **Ad Viralizer**, **A-Z Adboard** and **HotLink Cyclor**. Among these three programs only **HotLink Cyclor** has an optional upgrade. That upgrade not only provides traffic benefits, but has a powerful compensation plan. To take advantage of this additional stream of income as you give away your personalized ebook, you need to upgrade your free **HotLink Cyclor** account. To do that, you first have to register for your free account. Once you have your free membership you can login to the back office of **HotLink Cyclor** to learn how you can upgrade that membership.

Create A Free Viral Traffic Tsunami

One Additional Note . . . Once you have your ID's, input them in the empty boxes on each of the back office pages of the four programs, [Cash In On Banners](#), [Ad Viralizer](#), [A-Z Adboard](#) and [HotLink Cycler](#), so that you will get credit when others join from your affiliate pages. Don't forget to click on the [AIOP](#) link in the [Cash In On Banners](#) back office and add your [AIOP](#) link.

Speaking of AIOP, if you have watched the [61 minute Training Video](#), you know how powerful, *this one monetized program* is that I have made a part of this ebook. If you are going to distribute this ebook at all, you are going to want to join AIOP. Why? Because, you basically have almost **received all of your initial investment back *with the very first person that clicks on your link*** in your personalized ebook to join.

As powerful as the [61 minute Training Video](#) is . . . you probably will **get that first sign up with the first couple ebooks you give away!** And after that signups through your ebook will generate ***ever increasing amounts of residual profit!***
